FIRE INSURANCE NOTICES, &c. ALEXANDRIA AGENCY

NORTHERN ASSURANCE COMP'Y., LONDON. HEAD OFFICE FOR THE UNITED STATES, No. 37 South Third Street, Philadelphia.

CAPITAL \$6,298,800 00 Paid up Capital and Surplus ...... 2,194,111 02 SECURITY TO POLICY HOLDERS.

THIS old and responsible Company insures against loss or damage by Fire, almost every description of property, and offers to Merchants and others desiring insurance, the security of an actual Capital of \$6,298,800, for the whole of which, and for any liabilities beyond, the Shareholders are INDIVIDUALLY RESPONSIBLE, even to the extent of their entire fortunes. The Shareholders number about one thousand, and as a large portion of these are persons of great wealth, the most ample provisions exist for meeting every possible claim

against the Company. SUBJECT TO THE LAWS OF THE UNITED STATES.

In appointing an Agent for the United States, the Company has empowered him "to appear to and accept any action or legal proceedings instituted against or by said Company, in the same manner as if the Company were a Corporation or Company established by the laws of the United States, or any of the several States." PROVISION FOR PAYMENT OF LOSSES IN

THE UNITED STATES. A SPECIAL PERMANENT FUND HAS BEEN PLACED AT THE DISPOSAL OF THE AGENT AT PHILADELPHIA, TO ENABLE HIM TO ADJUST AND PROMPTLY PAY ALL Losses, WITHOUT REFERENCE TO LONDON. LIBERAL TO THE INSURED.

The uniform course of the Company has always een a liberal one towards Policy Holders. No just claim has ever been disputed, and prompt payment of losses is a standing rule. During the past year, losses exceeding \$525,000 were paid. Losses paid as soon as the amount is ascertained ANNUAL INCOME.

The Income of the Company is now about \$1, 000,000, increasing gradually each year, showing that it has the confidence of the different commu nities in which business is done. RATE OF PREMIUM.

The Rate of Premium will be moderate, and in all cases will be based upon the character of the owner or occupant, and the merits of the risk. The conditions of Insurance are framed with the greatest liberality.

SOUTHERN PROTECTION INSURANCE COMPANY, ALEXANDRIA, VIRGINIA. CAPITAL OVER 350,000 DOLLARS,

AND CONSTANTLY INCREASING. The Charter of this Company offers more favorade advantages to the farmer and others, than any Company chartered in the State, by insuring with or without a premium note. If the applicant prefer, he can pay the full amount of the premium in eash, or by effecting a cash insurance for two years, the insured saves one-eighth of the amount he would otherwise have to pay; or by becoming a member, and giving a small premium note, the insured saves nearly one-half of the amount charged y Stock Companies, when insuring from year to year. This is the advantage resulting from the

combination of the CASH AND MUTUAL PRINCIPLE. This Company commenced issuing Policies against loss or damage by fire, on the 13th day of March, 1854, since which time over seven thousand seven hundred persons have insured and become members of the Company, and over seventy thousand dollars have been paid for losses. Having increased our business during the past year, we feel grateful for the liberal patronage bestowed upon the Company thus far, and for its flattering prospects of future usefulness. The Directors hope and believe, that, by prudence, caution, and a rigid system of economy, they will establish for this company a reputation for cheapness and safety ot surpassed by any Company in the U. States. All differences in settlement of losses, may be letermined by three disinterested arbitrators of the County where such loss happened, to be mutually chosen by the insured and the Company.

MISCELLANEOUS READING. A NOTHER SUPPLY OF THE FOLLOW-ING STANDARD BOOKS.—The Aucient The anniversary meeting of the American Temperance Union was lately held in New Church, traced for the first three hundred years, York, and the report of the Secretary and the speeches of several gentlemen, exhibited Luther's Commentary on Galatians, with life of many extraordinary facts. Rev. Dr. Tyng made a characteristic and humorous speech, in the course of which he depicted in glowing colors the danger of using the present stimulating beverages. It appeared

that during the past year five thousand drink-

ing houses had been closed. A few extracts

"The license system was such that a man who would pay ninepence, might kill his (the speaker's) son, and if the father knocked the fellow's teeth down his throat, he might for this act spend six months in the Tombs .-The fellow need not take out his license, but he can get his essential oil; or, if he take out his license, he may scatter his infernal poisons wholesale, on the authority of that license, It was a fact which had come to his (Dr. Tyng's) knowledge that distillers of liquors, who owned princely houses, owned also one hundred rum shops, and placed green young men in them to scatter poison over the city. Their retribution was sure to come, for no doubt it was absolute atheism: otherwise every thing would really be going to the

"The drugging of liquors formed a prominent topic of the reverend doctor's address. He read a humorous paper, but which he said was authentic, describing not the brewing, but the manufacture of beer. Following this prescription, he could make a barrel of the 'best porter' for \$2.29. But what were the ingredients? Coculus indicus, nux vomica, quassia, grains of paradise, gentium, and Bohemian rosemary, two drops of which would kill any girl in the world. Ladies, let me invite you to a glass of coculus indicus; take a sip of nox vomica. Twenty-five thousand green mounds over the bodies of young and old men, poisoned by these ruinous compounds, have the Republican Legislature allowed to be set up this year, and the next year their Democratic successors will do the same thing. Drugged liquor! oh, American women, have nothing to do with the drugged puppies who swallow it! If they will take the poison into their months, their mouths if I may say so, ought not to come near the mouths of American women."
